Executive Summary

The Cobre Valley Community Transit ("CVCT") system was started in 1987. The Town of Miami manages the ADOT contract transport system as a demand- response or dial-a-ride program.

In 2009 a five year plan was developed to service the local communities expanding ridership with additional vehicles and drivers indicating the need for a deviated fixed route system. In 2011 a consulting firm was assigned to help update the five year plan with focus on a fixed route system. In August 2012 the operating Budget was approved. In 2013 The first Deviated Fixed Route Buses began running two routes which still run today. DAR also continues to run. In 2015, management staff was added to streamline the efficacy of both DAR and the Fixed Route . In February 2015 CVCT experienced an Audit to help further streamline ridership, improve maintenance and solidify drivers concerning rules, procedures and dealing with senior and the disabled riders. In May 2015, CVCT received the results of the ADOT audit and has worked since then to improve the audit results.

Title VI Policy Statement

The Cobre Valley Community Transit policy assures full compliance with Title VI of the Civil Rights act of 1964, the Restoration Act of 1987, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), and related statutes and regulations in all programs and activities. Title VI states that “no person shall on the grounds of race, color, national origin, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination” under any Cobre Valley Community Transit sponsored program or activity. There is no distinction between the sources of funding.

Cobre Valley Community Transit also assures that every effort will be made to prevent discrimination through the impacts of its programs, policies and activities on minority and low-income populations. Furthermore, Cobre Valley Community Transit will take reasonable steps to provide meaningful access to services for persons with limited English proficiency.

When Cobre Valley Community Transit distributes Federal-aid funds to another entity/person, Cobre Valley Community Transit will ensure all subrecipients fully comply with Cobre Valley Community Transit Title VI Nondiscrimination Program requirements. The Town Manager has delegated the authority to Joseph Heatherly, Title VI Program Coordinator, to oversee and implement FTA Title VI requirements.

Cobre Valley Community Transit

Limited English Proficiency Plan

Cobre Valley Community Transit has developed the following Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to Cobre Valley Community Transit services as required by Executive Order 13166. This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training to staff, notification to LEP persons that assistance is available, and information for future plan updates. In developing the plan while determining the Cobre Valley Community Transit's extent of obligation to provide LEP services, Cobre Valley Community Transit undertook a U.S. Department of Transportation four-factor LEP analysis which considers the following:

- 2) The frequency with which LEP individuals come in contact with Cobre Valley Community Transit services;

Based off the census bureau information the frequency in which LEP individuals come in contact with CVCT is likely high.

- 3) The nature and importance of the program, activities or services provided by Cobre Valley Community Transit to the LEP population; and

The nature of the LEP users for medical, shopping, access to food and bill paying and social interaction is of high importance to the LEP community. All service areas we provide and

- 4) The resources available to Cobre Valley Community Transit and overall costs of providing LEP assistance. A brief description of these considerations is provided in the following section.

Non-elected Committees Membership Table

A subrecipient who selects the membership of transit-related, non-elected planning boards, advisory councils, or committees must provide a table depicting the membership of those organizations broken down by race. Subrecipients also must include a description of the efforts made to encourage participation of minorities on these boards, councils, and committees.

Monitoring for Subrecipient Title VI Compliance

X Cobre Valley Community Transit does NOT monitor subrecipients for Title VI compliance.

Title VI Training

Title VI training is included in the PASS/ START training every driver must complete after hire. Refreshers are given out throughout the year in the 2 the Point Packets.

Title VI Equity Analysis

A subrecipient planning to acquire land to construct certain types of facilities must not discriminate on the basis of race, color, or national origin, against persons who may, as a result of the construction, be displaced from their homes or businesses. "Facilities" in this context does not include transit stations or bus shelters, but instead refers to storage facilities, maintenance facilities, and operation centers.

There are many steps involved in the planning process prior to the actual construction of a facility. It is during these planning phases that attention needs to be paid to equity and non-discrimination through equity analysis. The Title VI Equity Analysis must be done before the selection of the preferred site.

Cobre Valley Community Transit has no current or anticipated plans to develop new transit facilities covered by these requirements. No facilities covered by these requirements have been developed since 2013.
