C. Information, discussion and possible action: To approve Sisterhood Agreement between Trincheras of the State of Sonora of the United Mexican States and the Town of Miami of the State of Arizona of the United States of America.

Councilmember Reiman asks why do this? There is no commonality of regulations, revenue sources are not the same as theirs, nothing about our governments are the same. He is not necessarily opposed to it, just does not see the point of it. Councilmember Reiman states he is having a hard time seeing the benefits. Councilmember Black agrees with Councilmember Reiman, what are the benefits for the Town of Miami and what are the benefits for Trincheras. Councilmember Black states he is not saying he does not want to do it, he wants to know what all is involved with it. Town Attorney Estes explains Article 8 of the Agreement regarding financing. There is a financial obligation and it talks about activities, a list of some very broad modalities of cooperation but there is no detail. That is his concern from a legal aspect. If you are going to enter an agreement, you are going to want to know what you are going to be doing with the agreement. Town Attorney Estes explain the Agreement also talks about cooperation between public and private companies, what does that entail. In a contract, you want things identifiable and as detailed as possible because it does say there is going to be financial obligations in regards to these areas of cooperation. Town Manager Rivera confirms there is nothing provided for in the budget for this agreement for this fiscal year. Councilmember Sosh would like to have the financial obligation defined in the agreement. Town Attorney Estes states Council needs to define what it wants to do, the areas listed are just very broad, they need to be detailed and specific. Mayor Medina suggests inviting Ms. Natalia Mena de la O back via Zoom to answer Council's questions raised here tonight. Councilmember Black

moved to table this item. Motion seconded by Councilmember Sosh. Councilmember Gonzales comments on how vague this agreement is and that Council needs more information, does not feel that two weeks is enough time to be ready for the next Council meeting, need to have another work session.
