Vice Mayor Gonzales reads the letter of support aloud. - B. Information and discussion only:** Discussion and clarification from the Town Attorney regarding the Town Council's power to approve the freeze on expenditures, including staff wage increase.

Town Attorney Estes explain the Town Manager has implemented certain spending freezes in light of statements coming out of Washington D.C. regarding federal funding and grants. The question had come up, if the Council as a whole, disagreed with the policy implementations, is there a process to address that with the Town Manager. The Town Manager is essentially the CEO and has the authority to run the town as he sees fit. With that said, the Council oversees the Town Manager. If there is a disagreement, it needs to be brought to a Council meeting for discussion and possible direction to the Town Manager if the majority of the Council is not in

agreement with how those matters are being handled. Town Attorney Estes suggests discussing these types of issues at the strategic planning meeting, so Council can establish goal and objectives for the manager to accomplish. Town Attorney Estes also comments on the question of retroactive pay when the salary freeze is over. Town Attorney Estes states that yes, they can be paid retroactive but it will be a Council decision. Vice Mayor Gonzales clarifies that the raises have to be allocated for in the budget, if not then it wouldn't apply. Town Attorney Estes states yes, that is correct. Open discussion and comments regarding how something like this would be an impact depending on the budget as well as what happens in emergency cases, such as what is happening with federal funding right now.

10. CALL TO THE COUNCIL/FUTURE AGENDA ITEMS:

Councilmember Moat states his thoughts and prayers go out to Mrs. Christine Duarte's family as her daughter and her family were in a car accident this past weekend. There were some injuries, but everyone was okay.
